KOKOBO (kaw-kaw-baw') is defined in the **Twi** language of the **Akan** as *warning*. **KOKOBO** is the title of our book which demonstrates that dissexuality/homosexuality was never accepted in ancient **Kamit** (Egypt).

KOKOBO is also the name of our **Movement** to eradicate dissexuality/homosexuality from the Afurakani/Afuraitkaitnit (African~Black) community through Afurakani/Afuraitkaitnit (African) Ancestral Religion.

Odwirafo Kwesi Ra Nehem Ptah Akhan will present on his publication **KOKOBO** which examines and properly translates relevant texts from ancient Kamit proving conclusively that dissexuality/homosexuality was never accepted in our Ancestral Culture. We will also examine our **KOKOBO MOVEMENT**

broadcast and our related broadcast entitled **KOKOBO - Eradicating dissexuality/homosexuality through Ancestral Religion**, wherein we demonstrate that dissexuality/homosexuality - sexual deviance - is not within the nature of Afurakani/Afuraitkaitnit (African~Black) people. It always occurs as a superimposition upon our people through various forms of trauma (molestation, rape, torture, propaganda, conditioning and more). This trauma is born of the whites and their offspring and their culture of disorder. Said trauma can be intergenerational and **transcarnational**.

The negative spirits who seek to superimpose this perversity upon our people as a 'viable or natural lifestyle choice' are the spirits of disorder - the whites and their offspring - as well as those of our people who have become spirits of disorder under the perverse influence of the whites and their offspring.

Such individuals negatively influence our people in life (through media, 'educational' institutions, pseudo-'religious' or pseudo-'spiritual' institutions, etc.) and after death as discarnate, wayward spirits of disorder. For example, the white, rapist, so-called 'slavemaster' who polluted the blood-circle of our people 200 years ago by raping one of our great-great-great-great-grandmothers during enslavement, is now a discarnate, deceased spirit still hovering around those in that blood-circle. If our spiritual immunity is compromised, such a wayward perverse spirit will constantly seek to plant thoughts, ideas, urges in the children and adults of that blood circle influencing them towards dissexuality/homosexuality. Such thoughts, ideas and urges are triggered even more intensely if the child or later adult suffers from molestation, rape, torture, etc. in life.

Through the practice of Afurakani/Afuraitkaitnit (African) Ancestral Religion, we engage in Ancestral Communication. This includes the capacity to repel perverted spirits of rapists such as the kind mentioned above. Once repelled for good, all thoughts, ideas, desires of dissexuality/homosexuality experienced since childhood through adulthood are gone - for they were never truly part of the Afurakani/Afuraitkaitnit (African~Black) individual's authentic thought processes - spirit - from the beginning.

Through the practice of **NANASOM** - Afurakani/Afuraitkaitnit (African) Ancestral Religion our people are empowered to overcome all obstacles placed before us inclusive of drug and alcohol addiction. Overcoming the perversity of dissexuality/homosexuality is simply one of many obstacles that are overcome when we engage the ritual incorporation of Divine Law and the ritual restoration of Divine Balance - the expansive and contractive poles of Afurakani/Afuraitkaitnit (African) Ancestral Religion. It is realignment with Divine Order.

This private event is FREE and open to Afurakanu/Afuraitkaitnut (Africans~Black People) Only

All attendees of our presentation will receive a **free copy** of the soft-cover version of **KOKOBO**. This is part of our larger movement. We are raising funds to expand our offerings of **free workshops** and the **distribution of**

the free soft-cover version of KOKOBO to Afurakani/Afuraitkaitnit (African~Black) people wherever we are in the country.

Thousands of our people - adults, children and families - have benefited from the information contained within our book KOKOBO. Armed with such information establishing the spiritual, cosmological, cultural and moral foundation of the repudiation of dissexuality/homosexuality as Afurakani/Afuraitkaitnit (African~Black) people, we are able to stand against and defeat the dissexual/homosexual propaganda spread by the whites and their offspring - which is a direct assault on our children's minds and our families at large.
