NEN is one of the terms for the **winter solstice** in **Kamit**. The time of the **Nen** includes the festival of **Ausar** and the raising of the **Djed** pillar. The dominant constellation at this time of the year is that of **Sah** (misnomered 'Orion'). **Ausar** operates through **Sah** and is thus called **Ausar-Sah**. **Auset** operates through **Sapadet** (Sopdet/Sirius) and is thus called **Auset Sapadet**. Their son **Heru** is called **Heru em Sapad**. In **Akan** culture, Ausar is called **Awusi**, Auset is **Adwoa** and Heru is called **Yaw**. Sah (Orion) is called **Nyenkrente** while Sapadet (Sirius) is called **Bediapan**. There is a shift in energy during this time of the year which **Afurakanu/Afuraitkaitnut** (Africans) should be aware of and take advantage of - just as we take advantage of the benefits of solar heat during the day for the nourishment of our **abatumm** (melanin) and the lunar coolness at night for the rejuvenation of our body-systems.

Odwirafo Kwesi Ra Nehem Ptah Akhan of Aakhuamuman Amaruka Atifi Mu (*Akwamu Nation in North America*) presents a lecture on **NEN** in the context of **AKANFO NANASOM – Ancient Authentic Akan Ancestral Religion** as expressed through his **nhoma** (book) **UBEN-HYENG The Ancestral Summons**. This *nhoma* addresses the *nature* and *function* of the ritual practices of **Nanasom - Afurakani/Afuraitkaitnit (African) Ancestral Religion** including: Origin and function of Our Spiritual Inheritance · Origin and purpose of: Libation · Ancestral and Deity worship · Ancestral and Deity possession · Ritual prayer · Ritual meditation · Ritual song and dance · Nature worship · Talismans and amulets · Ritual procreative activity · Oracular divination · Nature and function of Idols · Necessity of making offerings · Origin and purpose of shrines · Necessity for Ancestral communication · Nature and function of the Goddesses and Gods · Nature and function of Ancestral names and Ancestral languages · Origin and purpose of immortality · Nature and function of cycles · Nature and function of Self-defense · Origin and purpose for sacrifice · Liberation and Ancestral religion · Law

We will also address the origins of the fictional character: jesus/yehsua ben pandira/isa who never existed of any race whatsoever - as detailed in our publication: KUKUU-TUNTUM The Ancestral Jurisdiction.

Admission is free and open to Afurakanu/Afuraitkaitnut (Africans~Black People) only

Nyansa, Wisdom, is comprised of two complementary poles: **Revolution** and **Resolution**. This is a central expression of the working of the **Okra/Okraa (Ka/Kait - Soul)** within the Afurakani/Afuraitkaitnit (African) individual. **Revolution-Resolution** is recognized to be an outward expression of an internal spiritual alignment with **Nyamewaa-Nyame Nhyehyee** (Divine Order), which is comprised of **MMARA NE KYI – Divine Law (Love) and Divine Hate**. Our capacity for spiritual alignment is encoded within our **Okra/Okraa** and is transmitted directly to us from our **Abosom** and **Nananom Nsamanfo, Deities and Spiritually Cultivated Afurakani/Afuraitkaitnit (African) Ancestresses and Ancestors**, who are connected to us by **blood**. Afurakanu/Afuraitkaitnut (Africans) in america are not dependent upon anyone in Afuraka/Afuraitkait (Africa) to access the **Abosom** and **Nananom Nsamanfo, Orisha** and **Egungun, Vodou** and **Kuvito** who were/are assigned to us *pre-incarnation* by **Nyamewaa-Nyame** (The Supreme Being). **Abosom, Orisha, Vodou do not communicate with whites: europeans, asians, arabs, hispanics, etc.** These issues are addressed in our nhoma (book) **The Okra/Okraa Complex – The Soul of Akanfo** and will be addressed as well.
